Rotary Christmas Wreath Fundraiser

What do the wreaths look like?

Each wreath has a 22" outside diameter and includes a holiday bow!

How are our wreaths made?

The natural Fraser Fir wreaths are made fresh locally and by hand in Ashe County, North Carolina by skilled craftsmen and women, who have been making wreaths every season for years. The wreaths are full, fresh and fragrant and made from trimmings of Fraser Fir Christmas trees still in the field. Fraser Fir trees are native to the High Country of North Carolina and East Tennessee and are highly prized for their appearance and needle retention.

Where do the proceeds go?

Proceeds from our Christmas Wreath Fundraiser will go to support the Rotary Club of Davidson's charities: The Ada Jenkins Center, Davidson Cornelius Child Development Center and Rotary's other charities. We thank you for your support.
